

from the Clinical Psychology Program at

THE CATHOLIC
UNIVERSITY
OF AMERICA

Are you interested in applying to a doctoral program (Ph.D.) in clinical psychology?

If so, we encourage you to consider our program.

Our program emphasizes the scientist-practitioner model and features:

- Opportunities to work with faculty on **research** in areas such as anxiety, assessment, attention, culture, depression, externalizing behaviors, families, health, memory, mindfulness, neuroscience, policy, prevention, psychotherapy, religiosity, resilience, suicide, and temperament
- **Clinical training** with faculty who are leaders in research and practice
- **Training opportunities** in individual therapy, family therapy, and assessment (including bilingual assessment), and with diverse clients in local sites including hospitals, schools, university counseling centers, and community mental health centers
- An **elective focus** in Children, Families, and Cultures
- A green campus in the heart of Washington, D.C. **Take advantage of the Metro stop** on campus to visit the White House, Capitol, and national museums in less than 15 minutes!
- **APA-accredited since 1948***
- Values **cultural and individual diversity** in training and students
- **Enhanced curriculum, experiential training, seminars, and stipends** on substance use and tele-behavioral health services due to a recent federal award**
